

Worthington ES PTA Presents ... Abrakadoodle Art After School

Spring is here and Abrakadoodle has ALL NEW LESSONS. Join us as children discover their creativities, talents and abilities through painting, sculpture and additional creative media. In this session, we will be featuring American artists. Some of our inspiration artists include **Norman Rockwell**, a master of self portrait, **Grandma Moses** who will inspire us with her landscape folk art paintings, and **Charles Russell** whose scene of the Old West are an enduring tribute to the American spirit.

All skill levels are welcome in Abrakadoodle—not just the future artists among us. Classes are bolster self-confidence and pride, while teaching art history, techniques, vocabulary, socialization and skills.
